GENERAL INFORMATION

Cinnaction® Next controls insects, mites and diseases, and is safe on crops, ornamental plants and turf, when used as directed. Cinnaction Next contains cinnamon oil and directly suffocates and destroys the cell membranes of pests. Pests are not likely to develop resistance to Cinnaction Next due to the mode of action, making it suitable for use as part of an integrated pesticide resistance management program. Cinnaction Next has no re-entry or preharvest intervals and can be applied the day of harvest.

DIRECTIONS FOR USE

Use Cinnaction Next to control pests any time during the season. Apply Cinnaction Next to the crop foliage every 7 to 10 days as necessary repeating applications to maintain the desired level of control. Apply Cinnaction Next in a minimum of 0.25% v/v concentration in a sufficient volume to ensure uniform and complete coverage of the treated area. Cinnaction Next is tank mix compatible with a range of dormant oils, fertilizers and other plant protectants. Cinnaction Next is safe for application in the field, greenhouse and interior spaces wherever plants are grown, when used as directed. Avoid direct contact with bees or pollinators during application. If applied during flowering period of the crop, treat during periods of low foraging activity to minimize adverse effects.

CROPS	TARGET	RATE
Trees, vines, berries, vegetables, row crops, turf and ornamentals	Mite, white fly, powdery mildew, bacterial diseases such as <i>Pseudomonas spp.</i> and <i>Erwinia spp.</i>	32-64 fl. oz./100 gallons of water in a volume to provide uniform coverage of the treated area

STORAGE AND DISPOSAL

Do not contaminate ponds, waterways, ditches and food or feed by storage or disposal. Store in original container in well-ventilated place away from children and pets. Dispose of contents/container in accordance with local / regional / national / international regulations. PRODUCT DISPOSAL: Collect and reclaim or dispose in sealed containers at licensed waste disposal site. CONTAINER DISPOSAL: Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal.

NOTICE OF WARRANTY

CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES: To be read prior to using this product. The directions should be followed carefully together with good application practices. Failure to do so may cause injury to crops, animals, man or the environment. Extraordinary or unusual weather conditions may affect product performance and/or crop injury which are beyond the control of Oro Agri, Inc. (the “Company”) or seller. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the Directions For Use. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Company’s election, ONE of the following: 1. Refund of the purchase price paid by buyer or user for product bought. 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The company/seller offer this product and the buyer/user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
