# SQUALL®

APE/PE  
FREE

SQUALL® is an acidifier to help reduce the pH of the spray solution paired with an effective spreader to increase the coverage of foliar pesticides. It contains high-grade citric acid paired with premium surfactants. SQUALL also helps with the tank mix compatibility of agricultural products offering growers a simple, integrated adjuvant for foliar pesticides. The flexible use rate and application make this the easy answer for agricultural crops, turf and ornamentals.

## FEATURES & BENEFITS

- Formulated to reduce pH of tank mix spray solutions.
- Contains high-grade citric acid and premium surfactants.

## MODE OF ACTION

- Reduces pH of tank mix solutions.
- Proprietary surfactants improve coverage.
- Aids tank mix compatibility.

## ADDED VALUE

- Simple acidifier and surfactant.
- Flexible use rates between 8 and 64 ounces per 100 gallons.
- Suitable for ground or aerial application.
- Compatible with pesticides and fertilizers.
- Registered for agricultural crops, turf & ornamentals.
