PRODUCT INFORMATION

Thymic® has a direct effect against these listed targets because of its mode of action (suffocation and cell membrane disruption). Activates, protects, and increases the resistance of the plant to biotic stress (diseases, fungi, bacteria's, pests, parasites).

DIRECTIONS FOR USE AND APPLICATION

Thymic® can be used at any time during growing season. Foliar applications for pests, bacteria's and fungus control are recommended. Repeat applications at every 5-7 days as necessary if pressure conditions remain to maintain desired level of control. To maximize efficacy, ensure a good and homogenous coverage of all treated areas.

CROPS

Thymic® can be used in all crops: fruits, vegetables, ornamentals, and garden plants. It can be applied for both indoor (greenhouses included) and outdoor.

TARGET	DOSE
White fly, Thrip, Aphid, Powdery mildew, <i>Botritis spp.</i> , Nematode, <i>Xanthomonas spp.</i> , <i>Pseudomonas spp.</i>	Foliar application: 32-64 fl. oz./ 100 gallons of water Soil application: 0.25-0.5 gallons/acre application

NOTES AND WARNINGS

This product has not been registered by the U.S Environmental Protection Agency (EPA). This product qualifies for 25(b) exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). All ingredients are exempt from tolerance requirements under 40 CFR 180. It is intended for use only on plants.
Not for aquatic use.

STORAGE AND DISPOSAL

Store in a well-ventilated place. Keep container tightly closed. Store at room temperature. Dispose of contents and / or their container according to the separated collection system used in your municipality.

CONDITIONS OF SALE AND WARRANTY

It is shown that the product, stored and used in accordance with our instructions, perfectly fulfills its mission. However, since its application is out of our control, our company does not accept any responsibility concerning any damage resulting from its bad use and/or storage. The company guarantees the considered quality of the product. Follow the recommendations indicated in the safety data sheet.
