

# PENETRANT-SPREADER-WETTING AGENT

### PRINCIPAL FUNCTIONING AGENTS

Secondary alcohol ethoxylate	e and sodium lau	ryl ether sulfate	14.96%
Constituents ineffective as spray adjuvants			85.04%
Total			100.00%
All ingredients are exempt from tolerance according to 40 CFR 180			
Surfactant Content: 14.96%			

# KEEP OUT OF REACH OF CHILDREN WARNING / AVISO

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

HAZARD STATEMENTS: Harmful if inhaled. Causes serious eye irritation.

PRECAUTIONARY STATE MENTS: Wash hands thoroughly after handling. Wear protective gloves. Wear eye protection or face protection. Avoid breathing fume/mist/vapors/spray. Use only outdoors or in a well-ventilated area.

ENVIRONMENTAL HAZARDS: Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

## FIRST AID

Call a POISON CENTER or doctor/physician if you feel unwell.

For Chemical Emergency (spill, leak, fire or accident), call CHEMTREC (800) 424-9300.

INHALATION - IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a poison center/doctor if you feel unwell. EYE CONTACT - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Have the product container with you when calling a poison control center or doctor, or going for treatment. If eye irritation persists: Get medical advice or attention.

SKIN CONTACT - IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes. Call a poison center, doctor, chemical manufacturer or distributor to specify the appropriate source of emergency.

INGESTION - IF SWALLOWED: Do not give anything by mouth to an unconscious person. Call a poison center, doctor, chemical manufacturer or distributor to specify the appropriate source of emergency medical advice.

# NET CONTENTS 2.5 US GAL (9.46 L)

CA Reg. No. 72662-50001-AA

MANUFACTURED BY Oro Agri, Inc. 2788 S. Maple Ave., Fresno, CA 93725 Oro Agri, Inc. All Rights Reserved Copyright © Aug. 2023 v20230828

\*Product free of alkyl phenol ethoxylate and nonylphenol ethoxylate surfactants known to be ecotoxic.

### **GENERAL INFORMATION**

WETCIT® is a highly effective surfactant designed for use with insecticides, miticides, fungicides, herbicides, plant growth regulators, defoliants and nutrients. WETCIT is designed for superior spreading, penetration and uniform distribution. The Non-Ionic (NIS) chemistry in WETCIT enhances the physical and chemical properties of the spray solution and assists in overcoming water repellency of the leaf surface.

#### DIRECTIONS FOR USE

Prior to use, read all the directions on this label and on the labels of the manufacturers' products being used with WETCIT. The manufacturers' labels for specific usage and restrictions has precedence over directions for use referred to on the WETCIT label. Test for compatibility prior to mixing and application with other chemicals. Always test new tank mix combinations before widespread use. If unsure. check with the manufacturers or contact your local State Extension Service if you have guestions. To ensure thorough mixing, it is suggested that you recirculate mini tanks and bulk tanks or shake containers before using. Pre-rinse all tanks, spray lines or containers thoroughly before adding WETCIT as WETCIT contains surfactants. WETCIT should not be added to tanks, spray lines, or containers which may contain additional surfactant adjuvants. Coatings on inner tank and spray lines, from previous chemicals spraved, may be dissolved by WETCIT, thereby releasing it into the mix about to be spraved. If in doubt, add 20 ounces of WETCIT to 20 gallons of water, circulate through system for 20 minutes, and spray to waste. Increasing tank mix compounds will increase precipitation and phytotoxicity risk. Extended high temperatures (>90° F) with some tank mixes may increase phytotoxicity risk and should be tested and observed before widespread use.

### PRECAUTIONS

- The fruit of some varieties of pears, cherries, table grapes and grape fruits may be sensitive to marking. Contact your Oro Agri representative before use.
- · Do not apply to crops under stress.
- Test for compatibility when combining in tank mixes with EC products, copper and/or chlorpyrifos on sensitive crops
- NOTE: WETCIT reduces dew formation for up to 7 days and, therefore, may increase the risk of frost damage in frost prone areas.
- NOTE: NOT FOR AQUATIC USE.

#### MIXING

Fill tank one-half full with water. Add the required amount of other tank mix products while agitating. Add remainder of the water. Add the recommended amount of WETCIT last and continue agitation until completion of spraying. For best results, use within 24 hours of mixing. Antifoam and buffering agents may be used if required.

#### STORAGE AND DISPOSAL

PROHIBITIONS: Do not contaminate ponds, waterways, ditches and food or feed with chemicals and/or used containers by storage, disposal or cleaning equipment. STORAGE: Store in a cool, dry, well-ventilated place out of direct sunlight. Store in original tightly closed container away from children, animals, foods, feeds and seeds. Handle in accordance with precautionary statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent materials. Scrape up and dispose in accordance with Product Disposal. PRODUCT DISPOSAL: Collect and reclaim or dispose in sealed containers at licensed waste disposal site. CONTAINER DISPOSAL: Empty containers or liners may retain some product residues. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container dispose. Dispose of container/contents in accordance with local/national regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrecycle.org.

#### RECOMMENDED RATES HERBICIDES

24-96 fl. oz. per 100 gallons of water. Use higher rates on weeds with waxy or hairy leaf surfaces that are hard to penetrate.

# DEFOLIANTS, DESICCANTS (including cotton defoliants and cotton growth regulators)

32-64 fl. oz. per 100 gallons of water.

#### OTHER PLANT GROWTH REGULATORS

5-10 fl. oz. per 100 gallons of water.

#### INSECTICIDES, FUNGICIDES, MITICIDES, FOLIAR NUTRIENTS

- Air-assisted sprayers: 24-64 fl. oz. per 100 gallons of water.
- Conventional sprayer in field and row crops: 24-64 fl. oz. per 100 gallons of water.
- ULV equipment (such as: aerial, electrostatics, foggers and misters): 24-96 fl. oz. per 100 gallons of water.
- <u>Through irrigation systems</u>: such as drip, microjet, sprinklers or pivot use 1-8 pints per acre. (Not approved in CA)

Additional Operating Instructions for Chemigation in Washington State: Carefully read and follow label instructions related to this application method of the product with which WETCIT will be applied. Review your state and local regulatory requirements before applying any adjuvant or agricultural chemical through an irrigation system. Refer to the SUPPLEMENTAL LABELING FOR CHEMIGATION APPLICATIONS for additional use requirements and restrictions. For supplemental labeling use directions, search "WETCIT" at https://home.agrian.com/label-lookup/.

#### NOTICE OF WARRANTY

CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES: To be read prior to using this product. The directions should be followed carefully together with good application practice. Failure to do so may cause injury to crops, animals, man or the environment. Extraordinary or unusual weather conditions may affect product performance and/or crop injury which are beyond the control of Oro Agri, Inc. (the "Company") or seller. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the Directions For Use. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Company's election, ONE of the following: 1. Refund of the purchase price paid by buyer or user for product bought. 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company/seller offer this product and the buyer/user accepts it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.

Patented and/or patent(s) pending.
